

Sewer Charge Adjustment Request

Sewer charges are calculated annually in July, based on your average water billed during the months of December, January and February. If your water use during these three months is not a true reflection of the actual water discharged into the city's sewer system (e.g. landscaping, pool repair, leaks, etc.), you may appeal the sewer charges by **completing and submitting this form by Sept. 30** of each year. Per City Code Chapter 49, Article IV, Section 49-141 (k). Sewer Charge Adjustment Requests will not be accepted after Sept. 30 for the current year.

The information you provide on this form will be used to determine if your sewer charges should be adjusted. Any allowances, based on the information you provide, will be reflected on future monthly bills. If you have any questions, please contact Water Resources at (480) 312-5685 or email enterprisefinance@scottsdaleaz.gov
